SECRET LISTING | DESIGNER LAKE VIEW RESIDENCES In a prime location just steps from the shores of Lake Garda, we offer a fascinating contemporary residential project, where design, landscape, and living comfort blend in a refined balance. The project stands out for its sober and elegant architectural language, characterized by essential volumes, facades where the warmth of wood combines with sophisticated anthracite tones, and careful integration with the surrounding context. Natural light, views, and quality living are the key elements of this proposal. Large windows enhance the interior spaces and frame the lakeside landscape, creating visual continuity between the living spaces and the outdoors. Particular attention is paid to energy efficiency and daily comfort, with design solutions geared towards sustainability and construction quality. The spaces are designed to be bright, flowing, and functional, meeting the needs of those seeking a modern residence with attention to detail. An ideal solution as a primary residence, a second home on the lake, or an opportunity to evaluate as part of a real estate investment strategy. The sizes satisfy any type of customer, starting from sizes of approximately 80 square meters up to penthouses of 280 square meters. The offer is presented through the Secret Listing channel, to ensure a discreet and personalized approach, with access to detailed information exclusively upon request.
